

TR NDS

in RIGID

Crafted Timber

WATERPROOF • LIFEPROOF • FOOLPROOF

Trends in Rigid provides unprecedented strength, dimensional stability, and damage resistance. Its unique homogeneous construction, which combines the highest polymer content with today's most popular

visuals, creates an outstanding solution for both commercial and residential installations. Merged under heat and intense pressure into solid planks, Trends in Rigid has a density much greater than that of traditional

composites, resulting in superior surface peel resistance and greater dimensional stability. Trends in Rigid is also 100% waterproof.

SOVEREIGN

commercial solid rigid core

15 YEAR COMMERCIAL
LIFETIME RESIDENTIAL
LIFETIME WATERPROOF

Sizing

7" x 48" nom., 181 x 1220 mm (Planks)
12" x 24" nom., 304.8 x 609.6 mm (Tiles)
6 mm Total Gauge
10 Planks, 23.75 sf per Carton
12 Tiles, 24.00 sf per Carton

Features

4 Sided Micro Bevel
Wear Layer 0.55 mm/22 mil
IXPE Acoustic Insulation Layer
Angle/Drop Locking
100% Recyclable

WATERPROOF

The solid, homogeneous, unlayered core is 100% waterproof.

RESISTANT TO PEELING

Resistant to peeling or delamination, the solid design increases the overall strength of the product.

IMPACT RESISTANT

The rigidity significantly increases the floor's resistance to indentation and static loads.
